### Healthy Neighborhoods Program to Target Town of Chazy Residents

**Town of Chazy 2026** The Clinton County Health Department’s (CCHD) Healthy Neighborhoods Program (HNP) will be conducting door-to-door outreach in the Town of Chazy. HNP staff will provide brief, in-home surveys to identify health and safety concerns and provide appropriate home safety education and products at no cost to the families that participate.

“I highly encourage everyone participate even if they have participated before. Everyone in Clinton County is eligible to participate in the program every six years if not sooner depending upon changes within the home. Please keep in mind detectors and extinguishers need to be updated every six to ten years depending upon their warranty.” explained Maryann Barto, Public Health Educator.

During the home visit, HNP staff will discuss fire safety and determine the best way to reduce household accidents. Education also includes indoor air quality, carbon monoxide poisoning, lead poisoning and other household health and safety topics. When appropriate, HNP will also cover asthma prevention tactics in order to reduce airway irritants in the home and infant safety concerns. Information about community resources and referrals to other programs will also be made available during these visits.

The Town of Chazy will be the focus region for April through June; however, participation in the Healthy Neighborhoods Program is **free and open to all Clinton County residents year around**. Residents who are interested in participating in the program can contact HNP at (518) 565-4870 or [www.health.clintoncountyny.gov/healthyneighborhoods](http://www.health.clintoncountyny.gov/healthyneighborhoods) to schedule a visit.

“This grant program is an excellent opportunity for residents to participate in an established program that has been assisting the community since 1985.” added Ms. Barto. “We strive to help families have the safest home possible.”

### About the Clinton County Health Department:

The Health Department is an accredited full service department serving the residents of Clinton County. The Health Department’s Mission is to improve and protect the health, well-being and environment of the people of Clinton County.
