County Administrator Christine Peters, Esq. called the meeting to order at 4:30 p.m.

Deputy County Administrator Kim Kinblom conducted roll call. All Legislators were present.

Chairperson Henry called upon Brandi Lloyd, the County Clerk, to administer the oath of office to the five recently-elected Legislators.

Ms. Kinblom read the title of Resolution #1, "Appointing Chairperson of the County Legislature for 2026."

Legislator Timmons offered the name of Mark Henry to be appointed as Chairperson of the Clinton County Legislature for 2026. Legislator Bezio seconded the motion and stated Mr. Henry has done a great job for this Legislature and he would like that to continue. Carried (10-0-0). Legislator Timmons stated Mr. Henry has represented the Legislature for several years now and is doing a great job for us and he would like to continue to see him do that.

Chairperson Henry thanked his fellow legislators for appointing him the Chair of this Legislature. He stated it is a privilege to be doing this and is honored every time he represents this legislature in our County, and folks of this County.

Chairperson Henry asked if there was anyone in the audience who wished to share their thoughts and concerns with the Legislature.

Jennifer Jewett, of Champlain, New York stated she was really hoping to say something prior to the Chairman vote, but unfortunately, that already occurred. She reported there are a lot of people in Clinton County that wanted to see a change in the Chairman this year, because of events that occurred last year. An entire County banned from speaking on the Dog Tethering law, an issue that is very important to people in Clinton County. She really hopes that that ban will actually be lifted for the next meeting next week because it is an important issue. To quote President Trump's Secretary of Health and Human Services, Robert F. Kennedy, who in a statement just last week, was quoted as saying, "The badge of a really humane nation is the way it takes care of its animals." Donald Trump and his administration is taking animal cruelty head on.

He is currently creating an animal cruelty task force and recently withheld \$28 million in federal funding that was previously used for animal testing. He is just getting started. Donald Trump's taskforce is aimed at stopping organized animal cruelty, such as dog fighting, which, if you're not aware, is directly linked to organized crime and 24/7 chaining of dogs. The thing that bothered us last year was the fact that the Public Safety Committee was stacked three to one, which was stacking the deck. We want to see an equal Public Safety Committee with two Democrats and two Republicans so that we can have a fair decision made on what passes the Public Safety Committee. In March, an entire county was banned. We are taxpayers, I'm a retired military member and disabled veteran, and we should be able to speak here in this County legislature.

We hope that the new legislators that are here are going to make a difference. They are going to be innovative, they're going to have new ideas. They are going to step up and get up with the times. America is changing, animal cruelty laws are changing all over this country, and we are not exempt from that in Clinton County. I am really hoping to see change in 2026, and not a personal bias leading the County legislature.

Betty Lou Lajoy, of Plattsburgh stated she just wanted to congratulate all the new members and looks forward to continuing or making some changes in the next coming year. She thanked the Legislature.

Seeing there were no other speakers, Ms. Peters read the remaining resolution titles.
