- Make sure athletes have a water bottle for every practice and game.
- Make sure athletes drink fluids (water is the best option) 30 minutes before the activity begins and every 15-20 minutes during activity. Drinking water after play is equally important.
- Establish mandatory water breaks throughout practices and games—don't wait for a child to tell you he or she is thirsty. Encourage children to stay well hydrated by drinking

## **The Youth Bureau**

**Coaches and Coordinators are reminded that regularly scheduled County Basketball games should not be cancelled for any reason other than inclement weather.**

**Games should not be rescheduled due to lack of players. If a team shows up 'short' of players and the opposing team has enough extra players, players should be shared and the game should be played. Since the County does not keep standings, this is perfectly acceptable.**

**\*\*\*Rescheduling Games increases the likelihood that County Referees will not be available\*\*\***
